The corporate buyers are representing the strongest industries as Oil & Gas, IT and Pharmaceuticals, placing most outbound MICE business in international destinations.

Business Development Director Asya Revina from Europe Congress stated: "The success and growth we have reached over the years have been staggering. We're confident that the time we spend on our thorough selection procedures and

communication with the buyers have been paying off in terms of bringing high ROI to all participating Convention Bureaus, Tourism Bureaus and MICE suppliers. Many of the participating suppliers are returning yearly and it is the best feedback we can get as organizers. Yet we're always looking to increase the values within for all participants, by improving the format, content and of course the outcome of the pre-scheduled and guaranteed meetings."

The 2018 forum will offer in total, two action-packed days, with pre-scheduled match-made face-to-face meetings, keynotes, networking, social sessions as luncheons and receptions. The keynotes will be hosted by with the Meetology Lab. The Meetology Lab conducts in depth behavioral research to come to a better understanding why we communicate the way we do and how we can all improve ourselves professionally as well as personally. Forum MC Jonathan Bradshaw, also CEO of the Meetology Lab will further host the destination promotions included in Europe Congress' forum program every morning.

As the only organizer in these markets guaranteeing meetings, Europe Congress has established itself as the prime player organizing business encounters on the Russian and CIS markets. However not only the impressive meeting scheduling is what draws many to the MeetingPlanners Russia forum.
