

New Hotel Hyatt Centric La Rosière – French Alps

The new hotel HYATT CENTRIC LA ROSIERE is the first Hyatt Centric hotel in France and first group resort in the region.

The hotel will open on 15 December 2017, a new experience in the heart of the vast Franco-Italian skiing area, the Espace San Bernardo.

Hyatt Centric La Rosière is bringing to the **French Alps**, a brand concept that has been created for **“modern explorers” keen to explore and discover**, and who are looking for a cosmopolitan atmosphere at the centre of the action. The hotel is located in the **centre of the station**, a short distance from the ski lifts, and offers a breathtaking **panorama of the surrounding valleys**.

From the H40 bistro bar or from La Tavola, which will be the new trendy and popular place to dine, guests will be captivated by the views of the mountains. As for the rooms, they will reveal a panoramic view across the valley. During their stay, guests will be truly “connected” to the landscape.

The hotel is ideally located in the centre of the Franco-Italian resort of La Rosière. The village is a popular ski destination in the Tarentaise Valley, known for its spectacular scenery and its proximity to Courchevel, Val

d'Isere, Les Arcs and La Plagne. The resort is accessible by skiers of all levels, it offers 160 km of slopes and is the only resort to offer heliskiing, directly from the resort.
