With a new decade started the new year brings the celebrative 10 th annual edition of MCE Central & Eastern Europe. The event has been moving throughout the region to highlight the MICE progress within the region, started out in 2011 in Prague and now will be held in Vienna.

Vienna is in many ways a frontrunner and an example for many other regional destinations, hence the excitement of Europe Congress hosting its tenth edition in this marvellous city. Alain Pallas, the Managing Director of Europe Congress stated: 'We feel honoured and privileged to have been able to offer our services for this period of time to the many participants. To have been creating so many new cooperation's benefiting the MICE industry and to have been organizing these events in so many destinations. Vienna is hosting our 10 th annual MCE Central & Eastern Europe event which promises to be very special'.

Being free from any visitors, this boutique forum will be held at the InterContinental Vienna at the famous Stadtpark. It

brings together key MICE solution providers from the entire Central & Eastern European region to meet with carefully selected worldwide event buyers for effective two and a half days. Within this short period of time Europe Congress is able to connect planners with industry suppliers and to offer a clear understanding of the MICE possibilities in the host destination.

External dinner venues will host the evening programs offered by the Vienna Convention Bureau, the lead partner of the event. Convention Bureaus of Lower Austria and Salzburg offer each a FAM trip offering further insights into Austria to the participating event planners.

All participants will be welcomed and serviced with transfers by Mondial, partner of MCE Central & Eastern Europe 2020 in Vienna.
